

Preventive Guidelines for Children

To stay healthy, children need routine shots and preventive check-ups. These guidelines* describe recommended preventive services that most children need. Depending on your child's personal health care needs or risk factors, your doctor may give you a different schedule. If you think your child may be at risk for a particular condition, talk to your doctor.

To verify your benefits, check your benefits contract, your enrollment materials or log in to *My Account* at carefirst.com/myaccount.
